Emilia (Millie) Podmore

Junior Software Developer

London, UK • emiliapodmore@aol.com • **07771 658801** • [Portfolio](#) • [LinkedIn](#) • [GitHub](#)

After a career in television, I transitioned into software development, driven by a passion for coding and technology. I have also drawn on my lived experience as an AuDHD individual, establishing the first CAMHS support group for girls recently diagnosed with autism. Excelling in organisation, problem-solving, and delivering clean, efficient code.

AREAS OF EXPERTISE

- Javascript
- HTML/CSS
- React

- Responsive Development
- Python
- Prompt engineering/AI

- Hosting/GitHub
- APIs
- Node.js/npm

PROFESSIONAL EXPERIENCE

SheCodes (2023-2025) Junior Developer

Completed the Software Developer bootcamp, mastering coding fundamentals and advanced technical skills in modern web development tools and frameworks:

- [React Weather App](#) - Developed a fully functional weather application using React, Node.js, AJAX, npm, and terminal operations, providing real-time weather updates through an intuitive, user-friendly interface.
- [React Online Dictionary](#) - Built a comprehensive online dictionary by integrating two APIs with React to deliver word definitions, synonyms, translations, and contextual usage.
- [JavaScript Weather App](#) - Strengthened JavaScript proficiency by building an interactive weather app using a live API and AJAX, deployed via GitHub, with Figma prototypes demonstrating strong UX/UI design principles.
- [World Clock](#) - Created a dynamic digital clock application using APIs, integrating advanced interactions, and combining CSS with JavaScript and HTML select elements for a seamless user experience.
- [AI Fact Generator](#) - Applied advanced JavaScript and prompt engineering techniques to build an interactive text generator, integrating an AI API with CSS-in-JS styling and plugins.
- [Responsive Travel Page](#) - Designed and built a responsive, multi-page website using Flexbox, and media queries, demonstrating strong capabilities in creating adaptable, SEO-friendly user interfaces.

Production Assistant | Apple | October 2023 – present

- Contributed to the pre-production of the "Anthology: The Beatles" documentary to be streamed on Disney+, by meticulously organising archive footage and established a data logging process in Excel.
- Identified and corrected transcript errors.
- Collaborated closely with the editing team to achieve strict deadlines, tracking progress in a fast-paced environment.

Tutoring/mentoring/Child minding | September 2021 - October 2022

- Provided care and support to a 15-year-old girl with Down syndrome, fostering independence through exploration of London and tutored in Maths and English.
- Managed academic support for a 5-year-old child and coordinated extracurricular activities.

ACHIEVEMENTS

Media Trust: Creativity Works | May 2023 Intensive four-week bootcamp building practical foundational skills for jobs in media and tech, delivered successful collaborative pitch to Paramount.

Mentoring at Springfield Hospital Children & Adolescent Mental Health Services *CAMHS* | 2017 - 2021
Co-founded the first support group for girls in London, who have recently been diagnosed with Autism, provided mentoring and guidance in a confidential setting.
